

COVID-19 Statement

Expert Irrigation & Outdoor Lighting is committed to the communities we live and work in. We are primarily a seasonal business with an outdoor focus. Because we historically take service and installation orders online and over the phone while conducting our services with minimal customer contact, we will continue operating during our regular business hours. We urge our clients to take advantage of these lesser-contact ordering options. And for the safety of all involved, we always ask all of our employees to stay home if they are feeling under the weather.

This is a developing situation that we take very seriously. We will continue to update our customers via social media and via email.

And lastly, please understand **Expert Irrigation** will always comply with local, state, and federal directives regarding best practices and recommendations to best protect everyone involved. We wish health and safety for each and every one of our stakeholders.

Craig Zumdick, Owner

Expert Irrigation & Outdoor Lighting
